IN THE CZAR'S PALACE

PACKET CONTAINING TWO BOMBS SAID TO HAVE BEEN FOUND AT TSARSKOE SELO.

POLICE AGENTS ARRESTED

SECRET SERVICE OFFICERS SUSPECTED OF COMPLICITY IN ALLEGED PLOT.

St. Petersburg, April 6.—During the past few days a man in the uniform of a Cossack has been arrested in the palace at Tsarskoe Selo. While the guard was being changed the prisoner was observed to be acting suspiciously, and the officer in command perceived that the man was not a Cossack, but to an officer of infantry. He was thereupon arrested.

A packet was found afterwards in the palace containing two bombs. A searching inquiry was at once instituted, the result being that twelve secret police agents were arrested as accomplices.

MEDICS ASK REFORMS

CONGRESS OF RUSSIAN PHYSICIANS FAVORS RADICAL PROGRAMME.

Moscow, April 6.—The congress of doctors from all parts of Russia, which was summoned to meet in Moscow under the auspices of the Pirro Medical society to devise means for combating the expected visitation of cholera, which congress was first prohibited but later was granted permission to meet under the condition that it discuss only scientific questions, has just confirmed the apprehensions of the authorities by adopting as its first step in the anti-cholera crusade, a set of resolutions calling for the execution of the whole of the radical political programme.

This grating of political considerations upon the ostensible medical aims of the gathering is justified, the speakers argue, in the incapacity of the present administration to cope adequately with cholera. The resolutions declare that an improvement in economic conditions of the people is necessary as a basis for the preservation of health and that for future prevention of epidemics it is imperative to have radical changes in the tax laws, an increase in the quantity of land allotted to peasants and to satisfy the demands of the industrial classes and grant all the concessions necessary to completely tranquilize the ignorant population, among whom otherwise it will be impossible to execute sanitary measures. Even the lives of doctors, the resolution avers, would be in danger. The proposals culminated in a demonstration for the immediate convocation of a constituent assembly on a basis of universal balloting without distinction as to sex, nationality, or religion.

The congress, in which there are over 1,300 delegates, representing nearly every district of European Russia, also demands the immediate stoppage of the war, declaring that a policy of conquest and adventure had thrown the country into terrible and extensive poverty in which cholera would flourish.

INCLUDING ONE GENERAL.

Nearly Seventeen Hundred Wounded Russians Left at Mukden.

St. Petersburg, April 6.—General Linevitch has forwarded to War Minister Sakharoff the report of General Gouchkoff of the Red Cross service who has arrived at the Russian headquarters with the medical staff left in care of the wounded at Mukden. General Gouchkoff reports that the wounded who remained behind at Mukden included General Ganenfeld, 37 other officers and 1,649 men, most of whom were brought in from the field after the evacuation of the city. Twenty Russian sisters of mercy, thirty doctors and 150 men of the medical corps have been sent by the Japanese to Chefoo, whence they will be shipped to Russia.

General Gouchkoff pays tribute to the Japanese treatment of the Russian wounded, sisters of mercy and doctors.

ALLAYS RUSSIA'S FEARS.

Minister Conger Says There Is No Anti-Foreign Movement in China.

Washington, April 6.—Russia has been informed by the United States that so far as the American minister at Peking, Mr. Conger, has been able to find out, the reported anti-foreign movements in China are not unusual

in extent or character. The Russian government recently requested Secretary Hay to inquire into this matter, which was a cause of some anxiety at St. Petersburg. Mr. Conger says that there is only one small rebellion in progress in China and that is directed against the present Manchurian dynasty. Rebellions of like nature, he says, have been common for years. There is no organized anti-foreign movement in China at present, says Mr. Conger.

CORRESPONDENTS PROTEST.

Claim Battle of Mukden Was Not Disastrous Russian Defeat.

St. Petersburg, April 6.—Russian newspaper correspondents in Manchuria having received papers containing accounts of the battle of Mukden, are wiring protests against its consideration as an "overwhelming disaster and unprecedented defeat and destruction of the Manchurian army." The correspondents complain bitterly of the censorship, which forbade the transmission of true accounts of the battle from the Russian side, permitting the papers and the public to derive their impressions from telegrams colored by the Japanese view. The correspondents admit the loss of many stores, and attribute defeat to the successful strategy, numerical superiority and exact knowledge of Russian numbers and positions which enabled the Japanese to work out their turning movements. One correspondent declares that the extreme mobility of the Japanese made it necessary to have a whole army in reserve, but that this had already been sent to the fighting line eastward when the real stroke developed. In this correspondent's opinion, General Kuropatkin should have commenced his retreat at that moment.

COSSACKS USE THEIR SWORDS.

Disperse Workmen Who Wanted to Attend a Funeral.

Warsaw, April 6.—In anticipation of the funeral of a girl who died of wounds received in the fighting in Dzikla street on Sunday, the workmen of all the factories in the northern part of the city, left their work during the afternoon and crowded Elektoralna and Lesseno streets. The police, fearing hostile demonstrations, forbade the funeral and summoned a body of Cossacks, who, using their knouts and swords freely, finally succeeded in dispersing the gathering. Owing to the closing of the university of Warsaw, 1,600 students were dismissed during the day. All students whose conscription was postponed during their university year, will be compelled to serve now.

A nonstriking workman at the gas works whom the strikers had condemned to death was shot and severely wounded in Wolska street by a workman, who escaped.

RUSSIA'S NAVAL PROGRAMME.

Baltic Yards Could Build Many of the Proposed Vessels.

St. Petersburg, April 6.—The committee appointed to investigate the capacity of the Russian shipbuilding industry for carrying out Russia's new naval programme has reported, showing that the present Baltic yards and machinery shops expanded to their fullest capacity could deliver in three years eight of the twenty-five big battleships and cruisers and eight of the twenty-four smaller cruisers contemplated. Given five years fourteen big ships and seventeen small craft could be completed while the whole programme can easily be executed under ten years if the haste is so urgent.

DISORDERS IN THE CAUCASUS.

Peasants Loot and Burn Many Public Offices.

St. Petersburg, April 6.—Official advices report continued disorders in the Caucasus. Within the past week peasants have looted and burned public offices in many villages in the Gore district, sacked schools and private estates, cutting down trees and threatening to kill the police if they interfered, and forced priests to go with them and take an oath of solidarity with their cause. Similar but less serious disorders are reported to have taken place in the Tiflis district. At Kishineff Wednesday night an unsuccessful attempt was made to assassinate Assistant Police Commissioner Kirlighi.

Large Warships Sighted.

Colombo, Ceylon, April 6.—The steamer Marmora, which arrived here during the day, reports sighting at 2 a. m. April 4 three vessels, apparently large warships, 300 miles southeast of Ceylon. The ships, one of which was believed to be a battleship, were steaming slowly east northeast.

Granted a Stay of Execution.

Cincinnati, April 6.—Mrs. Cassie L. Chadwick was during the day granted a stay of execution by the United States circuit court of appeals, the decision being announced by Presiding Justice Lurton when court convened.

POSITION OF GERMANY

OUTLINED IN EMPHATIC TERMS IN MEMORANDUM TO THE UNITED STATES.

"OPEN DOOR" IN MOROCCO

EMPEROR WILLIAM STANDS FOR THE SAME POLICY THERE AS IN THE FAR EAST.

Washington, April 6.—Germany has outlined to the United States in clear and emphatic terms the position claimed by the Berlin government in Morocco. Upon the receipt of instructions from Berlin, Baron Speck von Sternburg, the German ambassador, called at the war department upon Secretary Taft, whom the president before leaving Washington designated as the cabinet officer with whom the ambassadors should confer, and, in the name of the German emperor, left with the secretary a brief memorandum setting forth the Moroccan policy which Germany has all along pursued and from which she does not propose to be swerved. In substance the memorandum, which is couched in the most explicit language, announces that:

Germany stands for the "open door" in Morocco no less firmly than in the far East, for the preservation of the Moroccan status quo, and for the safeguarding and protection of the commercial and trade interests in Morocco, not only of Germany, but of all the trading nations of the world.

After presenting the memorandum the secretary and the ambassador had a brief conversation on the subject of Morocco, Baron Sternburg calling attention to the commercial importance of that country to the trading nations and emphasizing the international importance in Germany's opinion of the preservation there of the "open door." The secretary thanked the ambassador for his explicit statement of the German policy and promptly forwarded the memorandum to President Roosevelt.

Secretary Taft, while expressing interest in the emperor's views, refrained from committing this government on the subject, nor did the ambassador in any way endeavor to sound him as to the president's attitude. There is no request in the German note for a statement of the Washington government's position, and one reason for its presentation was the circulation in Europe of sensational reports about the German emperor's visit to Tangier and the German attitude toward Morocco.

Does Not Mention France.

Although France is not mentioned in the memorandum, it can be stated that Germany regrets that she was not officially advised of the new position in Morocco contemplated by Great Britain and France which was later disclosed in the treaty signed

last spring by which the London government deferred to the superior interests of France in Morocco. Germany holds that her interests in Morocco are in every respect equal to those of Great Britain and the establishment by any power there of a special sphere of influence would be deplored in Berlin.

Regarding the emperor's visit to Tangier, although it was in the line of cruise in the Mediterranean, the object of his address was, it can be stated on high authority, to impress the Moroccans with the seriousness of Germany's desire that the status quo should be maintained and that the principle of the "open door" laid down by Secretary Hay with reference to China should be strictly adhered to in Morocco.

In diplomatic circles the significance of Germany's frank avowal at Washington of her views about Morocco is not underestimated and the incident has attracted all the more attention because of its occurrence on the day on which the Washington government officially disclosed the initial role played by Emperor William in the far Eastern war. Some diplomats believe the object of the German representations at this time is to evoke from Washington a similar avowal of adherence to the "open door" policy in Morocco.

Although Secretary Taft was not so informed, nor does his memorandum indicate it, it is believed here that a similar statement of Germany's views may have been addressed also to St. Petersburg and Madrid.

May Obtain a Loan in Berlin.

London, April 6.—The correspondent at Tangier of the Times says the sultan of Morocco has been given to understand that he will have no difficulty in obtaining a loan in Berlin.

SENATOR O. H. PLATT VERY ILL.

Suffering From Bronchial Pneumonia in His Connecticut Home.

Washington, Conn., April 6.—United States Senator Orville H. Platt is ill at his summer residence here, suffering from an attack of bronchial pneumonia.

Senator Platt was taken sick with a severe cold after returning from the funeral of his colleague, Senator Joseph R. Hawley, two weeks ago in Hartford. During the past few days the trouble increased in intensity, but it is said that the chances of recovery are good.

HEARING AGAIN POSTPONED.

Case of J. Morgan Smith and Wife Adjudged to Next Monday.

Cincinnati, April 6.—The habeas corpus hearing of J. Morgan Smith and wife, arrested here last week and held under a New York indictment for conspiracy with Nan Patterson to extort money from "Caesar" Young, the bookmaker, was to have been held during the afternoon before Judge Spiegel of the common pleas court, but on request of counsel was again adjourned until next Monday.

Probably Murdered for His Money.

Devils Lake, N. D., April 6.—The remains of Alston Stoddard, thirty-five years of age, whose father lives at Warren, Vt., and a sister at Montpelier, Vt., were found during the day near this city. It is supposed he was murdered for his money.

Attacks on Police Frequent.

London, April 6.—The Times' correspondent at St. Petersburg states that attacks on the police are becoming so frequent that a secret circular has been issued forbidding their mention if the victim is of lower rank than assistant policeman.

last spring by which the London government deferred to the superior interests of France in Morocco. Germany holds that her interests in Morocco are in every respect equal to those of Great Britain and the establishment by any power there of a special sphere of influence would be deplored in Berlin.

Regarding the emperor's visit to Tangier, although it was in the line of cruise in the Mediterranean, the object of his address was, it can be stated on high authority, to impress the Moroccans with the seriousness of Germany's desire that the status quo should be maintained and that the principle of the "open door" laid down by Secretary Hay with reference to China should be strictly adhered to in Morocco.

In diplomatic circles the significance of Germany's frank avowal at Washington of her views about Morocco is not underestimated and the incident has attracted all the more attention because of its occurrence on the day on which the Washington government officially disclosed the initial role played by Emperor William in the far Eastern war. Some diplomats believe the object of the German representations at this time is to evoke from Washington a similar avowal of adherence to the "open door" policy in Morocco.

Although Secretary Taft was not so informed, nor does his memorandum indicate it, it is believed here that a similar statement of Germany's views may have been addressed also to St. Petersburg and Madrid.

SENATOR O. H. PLATT VERY ILL.

Suffering From Bronchial Pneumonia in His Connecticut Home.

Washington, Conn., April 6.—United States Senator Orville H. Platt is ill at his summer residence here, suffering from an attack of bronchial pneumonia.

Senator Platt was taken sick with a severe cold after returning from the funeral of his colleague, Senator Joseph R. Hawley, two weeks ago in Hartford. During the past few days the trouble increased in intensity, but it is said that the chances of recovery are good.

HEARING AGAIN POSTPONED.

Case of J. Morgan Smith and Wife Adjourned to Next Monday.

Cincinnati, April 6.—The habeas corpus hearing of J. Morgan Smith and wife, arrested here last week and held under a New York indictment for conspiracy with Nan Patterson to extort money from "Caesar" Young, the bookmaker, was to have been held during the afternoon before Judge Spiegel of the common pleas court, but on request of counsel was again adjourned until next Monday.

Probably Murdered for His Money.

Devils Lake, N. D., April 6.—The remains of Alston Stoddard, thirty-five years of age, whose father lives at Warren, Vt., and a sister at Montpelier, Vt., were found during the day near this city. It is supposed he was murdered for his money.

Attacks on Police Frequent.

London, April 6.—The Times' correspondent at St. Petersburg states that attacks on the police are becoming so frequent that a secret circular has been issued forbidding their mention if the victim is of lower rank than assistant policeman.

The Misery of Piles

Thousands know it and thousands daily submit, through their ignorance, to the torture of the knife.

They are ignorant of the fact that there is an internal remedy that will positively and painlessly cure.

Dr. Perrin's Pile Specific
The Internal Remedy

strikes at the prime causes of piles—indigestion, congestion of the liver and constipation. These causes are removed and removed for good. Get a bottle today and see how well it proves the truth of this statement.

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

When these troubles are taken care of and cured, Piles will be a thing of the past.

St. Louis, April 5.—The special train bearing President Roosevelt and party pulled into East St. Louis, Ill., on time at 7 p. m. The train passed through the eastern outskirts to Madison, three miles north.

At Madison a throng was congregated and wildly cheered as the train rounded the bend at the approach of Merchants' bridge across the Mississippi. Without pause the train slowly and cautiously proceeded across the bridge to the North Market street station, where a crowd cheered the president, but he did not appear. At 8:30 the president's train plunged into its long run to Texas, with a pilot engine running five minutes ahead. The first stop will be made at Vinita, I. T.

MOTH WON EASILY

Threw L. D. Spaulding, of Butte, Mont.

Three Times in Succession with

Apparent Ease.

The wrestling bout in Gardner hall last night between Chas. Moth, of Minneapolis, and L. D. Spaulding, of Butte, Mont., was witnessed by about 200 local sports and the event was very much enjoyed. Many people view a wrestling match as more or less of a fake, and they are apt to be prejudiced against the game, but those who saw these gentlemen last night saw as pretty work as has ever been seen in this city in that line. Chas. Moth has been seen in this city before, having wrestled with Moxie twice at the Brainerd opera house last summer, and his work was generally quite well known. There were those who thought that as he failed to throw Moxie, and especially after Frank Coleman succeeded in putting Moxie out of the business, that he had lost his hold on the game, but he gave evidence last night of being a very important part of the game still, and demonstrated his ability to throw a man weighing 212 pounds very cleverly three times and this man can wrestle all around Moxie.

There was keen interest, therefore, to see Moth go against a man who would "mix" and go after things, and he was given an opportunity to prove his claims that if Moxie had "mixed" in his bouts here last summer he would have thrown him.

Spaulding was slightly the heavier of the two, but Moth was the more agile and carried on most of the work during the evening. It kept Spaulding guessing from being thrown every minute and he therefore had little time to do any real wrestling on his own part. Several times, however, he got some good holds on Moth, but the latter was too slippery for him and always managed to turn out. Once during the second bout Spaulding nearly succeeded in getting a fall, but it was a flying fall which was barred. If he could have held his man for a second, however, the fall would have been his.

It took Moth just eleven minutes and eight seconds to get the first fall. He got a hammerlock hold in this fall. The second fall was in fifteen minutes flat, and a further Nelson and a link did the business. The third fall was secured in eleven minutes and a half and Moth used a half Nelson and a crotch.

The match was a good one and was thoroughly enjoyed. At the close Moth stated that he understood some people wanted to bet him that he could not throw Coleman, but he offered to post \$100 that he could.

It is understood that Charles Moth is out with a letter to Martin Johnson, the fireman wrestler of Duluth. Johnson has been taking on some of the big one lately and has shown much speed and a match between himself and Moth in this city will be a drawing card.

REPORT OF MINORITY

THAT ON EXAMINATION OF AUDITOR'S OFFICE OPPOSES MAJORITY'S FINDINGS.

ERICKSON'S ANTI-BUCKETSHOP MEASURE FINALLY PASSED BY THE SENATE.

St. Paul, April 6.—M. S. Carl, R. H. Jefferson and William C. Fraser, three Republican members of the public accounts committee, submitted their minority report on the examination of the auditor's office to the house on Wednesday.

The report is diametrically opposed to the findings of the rest of the committee. It finds that the reports of Public Examiner Johnson were correct, that the law was not complied with in many cases, and that in some cases the state lost by failure of its officers to enforce the law. The report recommends that the timber trespass and mineral lease reports be referred back to the attorney general and the governor for such action as they think proper, with authority to employ necessary assistants for litigation decided on.

On motion of Mr. Carl, the report was ordered printed in the house journal, and its consideration deferred until the majority report is taken up. Both will be taken up together.

The majority members claim they have pledges of enough votes to adopt their report, which is being urged as a party measure.

Ware Bill Recalled.

Friends of the Ware 2-cent passenger rate bill, rallied to its support in the house, and succeeded by a close vote in having it recalled from the committee on railroads, whither it had been sent Tuesday by its enemies. W. W. Bardwell moved to reconsider the vote by which it was taken from the calendar and sent to railroads and the speaker ruled that a simple majority was sufficient. The motion to reconsider was carried 61 to 37.

As a preliminary to the enlargement of the Stillwater penitentiary and to permit the establishment of new industries at the Stillwater and St. Cloud institutions, H. B. Vollmer of Stillwater introduced a bill by consent of the governor to repeal section 8, chapter 154, General Laws of 1895. This is the famous legislation secured by the labor unions by which the number of men who may be employed in any one industry in the penal institutions is limited to 10 per cent of the number of men employed in such industry in the state at large. The effect of the law is to prevent the state installing in its prisons any new industry not already represented in the state. A pending bill to establish a binder factory at Stillwater cannot be made effective until this old law is repealed.

ANTI-BUCKETSHOP BILL PASSES.

The Erickson Measure Goes Through the Senate.

Three important bills were passed in the senate Wednesday without opposition.

One was the Erickson anti-bucketshop bill, H. F. 57. This is drastic in its provisions, and if enforced, is death to bucketshops and optional trading, as it prohibits "transactions for the purchase or sale of any commodity wherein the parties thereto do not contemplate the actual or bona fide receipt or delivery of property."

A second important measure passed was H. F. 18, substituted for its duplicate, S. F. 18, by Senator Stephens. It provides for establishment of a branch school of agriculture at Crookston. The appropriation for this school is left for the omnibus appropriation bill.

The third important measure passed was S. F. 465, by Senator Dale. It provides for the careful hearing of all cases for commitments to the state training school, for appointments of guardians where advisable, and for discharges from the training school at discretion of the board of control.

Senator Buck of Faribault introduced a bill with the governor's consent to remove the Faribault institution for deaf and blind from charge of the state board of control, to take effect Aug. 1, 1905. The bill re-establishes the old Faribault board of directors.

Senator Stephens introduced S. F. 502 with consent of the governor. It permits the state to secure a perfect title to real estate three years after its forfeiture for taxes.

The senate went on record against any further legislation on the primary election system. When the bill from the committee on elections was reached in committee of the whole, Senator Laybourn, its champion, moved it be recommended to pass, but the motion was lost and the measure was then indefinitely postponed.

When the senate convened at 3 p. m. after the noon recess, Senator Somerville, chairman of the judiciary committee, presented the revised code, the 1,200 house amendments and 900 more amendments adopted by the senate judiciary committee. The senate amendments fill 182 pages.

Senator Somerville moved that the report of his committee be adopted and that the bill known as house file No. 42 be read for a second time and placed at the head of general orders. The motion finally prevailed by a vote of 45 to 5.

Governor Johnson says he will sign the Perley bill.

Chas. Moth has been seen in this city before, having wrestled with Moxie twice at the Brainerd opera house last summer, and his work was generally quite well known. There were those who thought that as he failed to throw Moxie, and especially after Frank Coleman succeeded in putting Moxie out of the business, that he had lost his hold on the game, but he gave evidence last night of being a very important part of the game still, and demonstrated his ability to throw a man weighing 212 pounds very cleverly three times and this man can wrestle all around Moxie.

There was keen interest, therefore, to see Moth go against a man who would "mix" and go after things, and he was given an opportunity to prove his claims that if Moxie had "mixed" in his bouts here last summer he would have thrown him.

Spaulding was slightly the heavier of the two, but Moth was the more agile and carried on most of the work during the evening. It kept Spaulding guessing from being thrown every minute and he therefore had little time to do any real wrestling on his own part. Several times, however, he got some good holds on Moth, but the latter was too slippery for him and always managed to turn out. Once during the second bout Spaulding nearly succeeded in getting a fall, but it was a flying fall which was barred. If he could have held his man for a second, however, the fall would have been his.

It took Moth just eleven minutes and eight seconds to get the first fall. He got a hammerlock hold in this fall. The second fall was in fifteen minutes flat, and a further Nelson and a link did the business. The third fall was secured in eleven minutes and a half and Moth used a half Nelson and a crotch.

The match was a good one and was thoroughly enjoyed. At the close Moth stated that he understood some people wanted to bet him that he could not throw Coleman, but he offered to post \$100 that he could.

It is understood that Charles Moth is out with a letter to Martin Johnson, the fireman wrestler of Duluth. Johnson has been taking on some of the big one lately and has shown much speed and a match between himself and Moth in this city will be a drawing card.

REPORT OF MINORITY

THAT ON EXAMINATION OF AUDITOR'S OFFICE OPPOSES MAJORITY'S FINDINGS.

ERICKSON'S ANTI-BUCKETSHOP MEASURE FINALLY PASSED BY THE SENATE.

St. Paul, April 6.—M. S. Carl, R. H. Jefferson and William C. Fraser, three Republican members of the public accounts committee, submitted their minority report on the examination of the auditor's office to the house on Wednesday.

The report is diametrically opposed to the findings of the rest of the committee. It finds that the reports of Public Examiner Johnson were correct, that the law was not complied with in many cases, and that in some cases the state lost by failure of its officers to enforce the law. The report recommends that the timber trespass and mineral lease reports be referred back to the attorney general and the governor for such action as they think proper, with authority to employ necessary assistants for litigation decided on.

On motion of Mr. Carl, the report was ordered printed in the house journal, and its consideration deferred until the majority report is taken up. Both will be taken up together.

The majority members claim they have pledges of enough votes to adopt their report, which is being urged as a party measure.

Ware Bill Recalled.

Friends of the Ware 2-cent passenger rate bill, rallied to its support in the house, and succeeded by a close vote in having it recalled from the committee on railroads, whither it had been sent Tuesday by its enemies. W. W. Bardwell moved to reconsider the vote by which it was taken from the calendar and sent to railroads and the speaker ruled that a simple majority was sufficient. The motion to reconsider was carried 61 to 37.

As a preliminary to the enlargement of the Stillwater penitentiary and to permit the establishment of new industries at the Stillwater and St. Cloud institutions, H. B. Vollmer of Stillwater introduced a bill by consent of the governor to repeal section 8, chapter 154, General Laws of 1895. This is the famous legislation secured by the labor unions by which the number of men who may be employed in any one industry in the penal institutions is limited to 10 per cent of the number of men employed in such industry in the state at large. The effect of the law is to prevent the state installing in its prisons any new industry not already represented in the state. A pending bill to establish a binder factory at Stillwater cannot be made effective until this old law is repealed.

ANTI-BUCKETSHOP BILL PASSES.

The Erickson Measure Goes Through the Senate.

Three important bills were passed in the senate Wednesday without opposition.

One was the Erickson anti-bucketshop bill, H. F. 57. This is drastic in its provisions, and if enforced, is death to bucketshops and optional trading, as it prohibits "transactions for the purchase or sale of any commodity wherein the parties thereto do not contemplate the actual or bona fide receipt or delivery of property."

A second important measure passed was H. F. 18, substituted for its duplicate, S. F. 18, by Senator Stephens. It provides for establishment of a branch school of agriculture at Crookston. The appropriation for this school is left for the omnibus appropriation bill.

The third important measure passed was S. F. 463, by Senator Dale. It provides for the careful hearing of all cases for commitments to the state training school, for appointments of guardians where advisable, and for discharges from the training school at discretion of the board of control.

Senator Buck of Faribault introduced a bill with the governor's consent to remove the Faribault institution for deaf and blind from charge of the state board of control, to take effect Aug. 1, 1905. The bill re-establishes the old Faribault board of directors.

Senator Stephens introduced S. F. 502 with consent of the governor. It permits the state to secure a perfect title to real estate three years after its forfeiture for taxes.

The senate went on record against any further legislation on the primary election system. When the bill from the committee on elections was reached in committee of the whole, Senator Laybourn, its champion, moved it be recommended to pass, but the motion was lost and the measure was then indefinitely postponed.

When the senate convened at 3 p. m. after the noon recess, Senator Somerville, chairman of the judiciary committee, presented the revised code, the 1,200 house amendments and 900 more amendments adopted by the senate judiciary committee. The senate amendments fill 182 pages.

Senator Somerville moved that the report of his committee be adopted and that the bill known as house file No. 42 be read for a second time and placed at the head of general orders. The motion finally prevailed by a vote of 45 to 5.

Governor Johnson says he will sign the Perley bill.

LAND COMPANY ELECTS OFFICERS

Meeting of the Stockholders of the Minnesota Park Region Land Company

G. D. LA BAR ELECTED PRESIDENT

Company Has Made Good Progress and Dividend of 40 Per Cent is Declared.

Yesterday there was a meeting of the stockholders of the Minnesota Park Region Land company in this city and H. W. Stone, of Benson, and J. C. Wood, of St. Paul, were present. The following board of directors was elected: H. W. Stone, G. D. LaBar, J. M. Elder, F. A. Farrar and James Virdin. The directors held their meeting immediately and the following officers were elected:

President—G. D. LaBar.
Vice President—H. W. Stone.
Secretary and General Manager—J. M. Elder.
Treasurer—F. A. Farrar.

This company was organized four years ago and purchased all of the Northern Pacific and the St. Paul & Duluth railroad lands between Brainerd and Mille Lac lake, which now includes the land in the district known as the Cuyuna iron range. The company has been very successful and some time ago cleaned up and paid in full for all their lands. At yesterday's meeting a dividend of 40 per cent was declared to its stockholders. The company still owns something like 10,000 acres of land and have some very flattering offers for certain tracts in the iron range district.

MUSIC AND DRAMA.

"HAPPY HOOLIGAN."
Gus Hill's musical comedy of that celebrated character who has become world famous is illustrated in the play Hooligan by Frank Dumont and which is taken from Fred Oppen's caricatures in the New York Journal is announced to be presented at the Brainerd opera house on Friday night.

There is fun, music, singing crowded into three acts. The cast including the following: John Price, Charles Bramlich, Ruby Raymond, Eva Thatcher, Charles Saunders and Joseph Pettin-gill, and it is one of the few productions in which the people are selected to fit the parts, and the parts are not made the people. Seats now selling at Dunn's.

TOM MARKS STOCK CO.
The following regarding the Tom Marks Stock Company, which will appear in repertoire in this city all of next week at the Brainerd opera house is taken from the Fargo Call:

"A crowded house witnessed the initial performance of the Tom Marks Stock company at the opera house last evening. The audience was enthusiastic and well pleased. The play 'That Irish Boarder,' was very bright and replete with funny situations. Tom Marks, the comedian, in the title role, won his audience completely. He was well supported, the cast being exceptionally strong. The company is a large one and seems admirably balanced. Specialties were given between the acts and each was encored, several of them repeatedly. These were all high class, clean and entertaining. There will be a change of bill every night this week and at the Saturday matinee."

FERRIS ESTATE IS SETTLED

Final Accounting is Had and Estate is Turned Over to the Legatees

ESTATE VALUED OVER \$100,000

J. C. Wood, as Guardian of Frank Ferris, Furnishes Bond in the Sum of \$50,000.

Col. J. C. Wood, of St. Paul, was in the city yesterday and while he was here the estate of the late Allen F. Ferris was settled and the personal property and real estate were turned over to the legatees.

A final accounting was had before Judge Sanborn, of the probate court, on Monday, the estate was closed up and the executors, G. D. LaBar and Judge S. F. Alderman, were discharged.

The personal property turned over to Mrs. Allen F. Ferris and the guardian of Frank Ferris, J. C. Wood, amounted to \$97,577.98. There is besides this a large amount of life insurance which Mrs. Ferris and Frank get.

Under the settlement Mrs. B. A. Ferris received all that was left of the old William Ferris estate, amounting to \$2,500. Mrs. H. J. Spencer received \$4,000 cash.

The \$97,577.98 was divided equally between Mrs. Allen F. Ferris and Frank Ferris.
Col. J. C. Wood is guardian of Frank Ferris and he was required by the court to file a bond of \$50,000.

The estate was in very good shape, most of it being in stocks and bonds.

THE MOTION

IS DENIED

Motion Made by Appellants for Rehearing in Interesting Case turned Down

SETTLES CASE FOR ALL TIME

Supreme Court Renders Decision on Motion in Case Yesterday Afternoon

The supreme court yesterday denied the motion of the appellants for a rehearing in the case of M. B. Bryant, W. H. Andrews, John M. Landry et al vs Nelson-Frey Company et al and this settles this rather important litigation for all time. The case involves the title of a valuable piece of land near Emily. Aside from the fact that the decision in the first instance in favor of the respondents was of general interest it involves a tax judgment rendered in the year 1875, which in consequence involves the payment of the taxes on the property in question for 27 years. The facts in the case showed payment for many years of the taxes on vacant land by a stranger to the title, under the mistaken belief that he had title, although no deed or certificate had ever been issued to him.

The judgment of the lower court in favor of the respondents was affirmed by the supreme court and in the syllabus written at the time the decision was rendered the court held that voluntary payment for a number of years of taxes on vacant land of another, by a stranger to the title, under the mistaken belief that he had a tax deed to the land, creates no obligation on the part of the owner to repay. Nor can the payment of such taxes be made a condition precedent to a decree of title in the record owner based on unassailed findings of facts that no tax deed or certificate had ever been issued to the person so paying the tax.

Nelson-Frey company made a motion for a rehearing in the matter some time ago but the motion was denied yesterday.

RUMORS REGARDING THE MILL

General Clean-up Being Talked of and Planing Mill is Being Pushed to its Fullest Capacity.

All sorts of rumors are still rife about the saw mill. One is to the effect that orders have been received here to get every stick out of the yards by July 1st. When approached by a Dispatch representative, C. W. Rogers, yard foreman, neither denied or affirmed the rumor, but stated that it would be impossible to do so unless a large part of the lumber was shipped in the rough. He stated, however, that every effort was being made to put the lumber through the planing mill as rapidly as possible and that yesterday 212,000 feet were put through ten machines in nine hours. The North Star Lumber Co., controlled by the Wells Bros., has about thirty retail yards and much of lumber is being shipped to these yards.

Whether or not there is any significance to this haste to clean up the yard, beyond the economy of stopping expenses as soon as possible, is a question as to which the local managers are in the dark. Mr. Rogers stated the lumber would be so far out of the way within the next month that the mill could be run with conflicting with the lumber now in stock. He did not, however, believe that the mill would run this season, but thought that it would probably be run next year as it was too good a plant to be permitted to lay idle.

The following regarding the Tom Marks Stock Company, which will appear in repertoire in this city all of next week at the Brainerd opera house is taken from the Fargo Call:

"A crowded house witnessed the initial performance of the Tom Marks Stock company at the opera house last evening. The audience was enthusiastic and well pleased. The play 'That Irish Boarder,' was very bright and replete with funny situations. Tom Marks, the comedian, in the title role, won his audience completely. He was well supported, the cast being exceptionally strong. The company is a large one and seems admirably balanced. Specialties were given between the acts and each was encoored, several of them repeatedly. These were all high class, clean and entertaining. There will be a change of bill every night this week and at the Saturday matinee."

FERRIS ESTATE IS SETTLED

Final Accounting is Had and Estate is Turned Over to the Legatees

ESTATE VALUED OVER \$100,000

J. C. Wood, as Guardian of Frank Ferris, Furnishes Bond in the Sum of \$50,000.

Col. J. C. Wood, of St. Paul, was in the city yesterday and while he was here the estate of the late Allen F. Ferris was settled and the personal property and real estate were turned over to the legatees.

A final accounting was had before Judge Sanborn, of the probate court, on Monday, the estate was closed up and the executors, G. D. LaBar and Judge S. F. Alderman, were discharged.

The personal property turned over to Mrs. Allen F. Ferris and the guardian of Frank Ferris, J. C. Wood, amounted to \$97,577.98. There is besides this a large amount of life insurance which Mrs. Ferris and Frank get.

Under the settlement Mrs. B. A. Ferris received all that was left of the old William Ferris estate, amounting to \$2,500. Mrs. H. J. Spencer received \$4,000 cash.

The \$97,577.98 was divided equally between Mrs. Allen F. Ferris and Frank Ferris.

Col. J. C. Wood is guardian of Frank Ferris and he was required by the court to file a bond of \$50,000.

The estate was in very good shape, most of it being in stocks and bonds.

THE MOTION

IS DENIED

Motion Made by Appellants for Rehearing in Interesting Case turned Down

SETTLES CASE FOR ALL TIME

Supreme Court Renders Decision on Motion in Case Yesterday Afternoon

The supreme court yesterday denied the motion of the appellants for a rehearing in the case of M. B. Bryant, W. H. Andrews, John M. Landry et al vs Nelson-Frey Company et al and this settles this rather important litigation for all time. The case involves the title of a valuable piece of land near Emily. Aside from the fact that the decision in the first instance in favor of the respondents was of general interest it involves a tax judgment rendered in the year 1875, which in consequence involves the payment of the taxes on the property in question for 27 years. The facts in the case showed payment for many years of the taxes on vacant land by a stranger to the title, under the mistaken belief that he had title, although no deed or certificate had ever been issued to him.

The judgment of the lower court in favor of the respondents was affirmed by the supreme court and in the syllabus written at the time the decision was rendered the court held that voluntary payment for a number of years of taxes on vacant land of another, by a stranger to the title, under the mistaken belief that he had a tax deed to the land, creates no obligation on the part of the owner to repay. Nor can the payment of such taxes be made a condition precedent to a decree of title in the record owner based on unassailed findings of facts that no tax deed or certificate had ever been issued to the person so paying the tax.

Nelson-Frey company made a motion for a rehearing in the matter some time ago but the motion was denied yesterday.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand since, as I find they have no equal." H. P. RUMORS REGARDING THE MILL

General Clean-up Being Talked of and Planing Mill is Being Pushed to its Fullest Capacity.

All sorts of rumors are still rife about the saw mill. One is to the effect that orders have been received here to get every stick out of the yards by July 1st. When approached by a DISPATCH representative, C. W. Rogers, yard foreman, neither denied or affirmed the rumor, but stated that it would be impossible to do so unless a large part of the lumber was shipped in the rough. He stated, however, that every effort was being made to put the lumber through the planing mill as rapidly as possible and that yesterday 242,000 feet were put through ten machines in nine hours. The North Star Lumber Co., controlled by the Wells Bros., has about thirty retail yards and much of lumber is being shipped to these yards.

Whether or not there is any significance to this haste to clean up the yard, beyond the economy of stopping expenses as soon as possible, is a question as to which the local managers are in the dark. Mr. Rogers stated the lumber would be so far out of the way within the next month that the mill could be run with conflicting with the lumber now in stock. He did not, however, believe that the mill would run this season, but thought that it would probably be run next year as it was too good a plant to be permitted to lay idle.

ROOSEVELT IN TEXAS

NATION'S CHIEF EXECUTIVE IS NOW THE GUEST OF THE LONE STAR STATE.

GREETED BY LARGE CROWDS

THOUSANDS OF SOUTHERNERS TURN OUT TO WELCOME THE PRESIDENT.

Dallas, Tex., April 6.—President Roosevelt is now the guest of the Lone Star state, Texas. The special train bearing President Roosevelt and his party arrived in Dallas at 6 p. m. A reception committee was in waiting when the train arrived and the party were driven to a stand near the Oriental hotel, where the president delivered an address. The streets were packed with citizens and visitors and the reception accorded the president and party was flattering.

After delivering his speech the president and party attended a reception at the Oriental hotel. His train will leave here for Waco, Austin and San Antonio.

When the president awoke in the morning his train was traversing Southeastern Kansas. At every station large and enthusiastic crowds were in attendance, all bent on seeing, and if possible, hearing the chief executive.

The special train entered Indian Territory before noon. At Vinita a short stop was made and the president briefly addressed a large crowd. When Muskogee was reached, fully 10,000 persons surrounded the railroad station and the president was compelled to deliver a brief address from a stand near the station. His subject was "Statehood," and enthusiastic applause greeted his utterances that Indian Territory would add its star to the galaxy of states within a year.

Brief speeches were made at Durant, McAlester, Aloka, Caddo and Durant, after which the train crossed into Texas. Denison was reached at 3:45 p. m. At that place a party of school children presented a floral flag of Texas to the president, who replied briefly to the spokeswoman. At Sherman one of the largest crowds of the day greeted the president and he was escorted to a stand where he spoke for fifteen minutes. Cannon boomed and the city was in gala attire in honor of the visitors.

From Sherman the train maintained its schedule to Dallas.

The president was in splendid spirits after the long day's ride and shortly after reaching Dallas said he never felt better in his life.

FLURRY IN MAY WHEAT.

Price of the Cereal Jumps Nearly Four Cents at Chicago.

Chicago, April 6.—May wheat took a jump of nearly four cents a bushel on the board of trade during the day. The advance took place in almost as short a time as it takes to tell about it and was one of those freakish caprices of a manipulated market such as that which now exists as the result of a determined effort on the part of certain speculators to shake out the bears in the wheat pit. May wheat opened at \$1.14@1.14½ and gave no signs of undue activity until about midday, when a sudden cessation of offerings threw the smaller shorts into a panic. In the scramble to buy which followed the price of the May kind was up 1 cent, between transactions until \$1.17½ was reached. When this point was reached enough of the commodity was disposed of to afford the more anxious buyers an opportunity to cover and get out of harm's way. The price of the May option at the close was \$1.17.

BOY AND MONEY MISSING.

Youth Disappears After Reaching His Old Home With \$5,000.

Muscatine, Ia., April 6.—After traveling all the way from Deadwood, S. D., with \$5,000 in gold in a bag to reach the home of his grandmother, Mrs. Mary Leonard, in this city, fifteen-year-old Richard Hoogren disappeared with the money within two hours after his arrival. The grandmother is frantic, and has asked the aid of the police. The boy was the son of a prospector, who on his death sent him, with the savings of a life-time, to the old home in Muscatine.

EXPLOSION IN LEITER MINE.

Jury Returns Verdict Accusing Persons Unknown.

Zeigler, Ill., April 6.—After-damp, due to an explosion of blasting powder set off by persons as yet unknown, caused the death of forty-three miners at Joseph Leiter's coal mine on Monday, April 3, according to the verdict of a coroner's jury as returned during the day.

Indicted for Fraudulent Banking.

Keokuk, Ia., April 6.—Judge Edmund Jaeger, proprietor of the defunct Commercial National bank, which failed last February, was indicted by a grand jury during the day on three counts for fraudulent banking. He has thus far been unable to raise the bond of \$5,000 required, and is now in the county jail.

UNIONIST IS DEFEATED.

Junior Lord of British Treasury Beaten by a Liberal.

London, April 6.—The most striking overturning of a Unionist majority among the numerous defeats in bye elections was recorded at Brighton during the day when Gerald Loder, Unionist, recently appointed junior lord of the treasury, was defeated by E. Villiers, Liberal. Villiers' majority was 817. The vote was: Loder, 8,209; Loder, 7,392.

Mr. Villiers was seeking re-election on his appointment as junior lord of the treasury. The election turned almost altogether on the fiscal question.

The news of Loder's defeat caused a sensation in the house of commons, where it was received during the night session. Premier Balfour was greeted with cries of "Resign," "resign."

Unionist editorial articles reflect the consternation caused by the unexpectedly heavy blow of the Brighton election. Various attempts are made to explain the defeat away.

The Standard appeals to Premier Balfour to issue a stirring address or call a meeting of his followers and take them into his confidence.

Mr. Balfour had a long conference with Joseph Chamberlain at night.

The position of Gerald Loder, the defeated candidate, is very peculiar. His duties as junior lord of the treasury are nothing more than a party whip, but he now has no seat in parliament.

BEEF TRUST INVESTIGATION.

Prices Paid for Livestock by Packers to Be Inquired Into.

Chicago, April 6.—Prices paid for livestock by the packers, alleged rebates granted the packers by railroads for the handling of the same and the private accounts of some of the packing concerns as to be closely inquired into within the next few days by the federal grand jury, which is investigating the business affairs of the so-called beef trust.

Another phase of the question of the alleged combination of some of the packers in violation of the Sherman anti-trust law and Judge Grosscup's injunction, which is to be inquired into, is the price paid by wholesale dealers to the packers for meats. Witnesses who can give the jurors detailed and accurate information along these lines have been subpoenaed and appeared at the investigation during the day. Some of these witnesses testified and although they refused to make public what they told the jury, it is said a large amount of data valuable to the government was secured from them.

James A. Barrett, a wholesale meat dealer at Merrill, Wis., was one of the witnesses who testified. He is said to have explained to the jurors the alleged hardships placed upon the small meat dealers by the packing concerns. He explained in detail the prices paid the packers by the wholesalers. Altogether ten witnesses testified during the day.

WOMAN DISCHARGED WEAPON.

Killed While Trying to Prevent Her Husband From Slaying Her.

Philadelphia, April 6.—Mrs. Urania Cundy, aged twenty-three years, of Patchogue, L. I., died in a hospital during the afternoon of a bullet wound in the head. The shooting occurred in Fairmount park and her husband, Percy Cundy, is under arrest.

At first the man said that his wife shot herself, while admitting that he had purchased the revolver intending to kill both himself and his wife. Later he told the police that while he and his wife were seated in the park he decided to carry out his original intention. He placed the revolver at his wife's right temple and, as he hesitated, Mrs. Cundy, he says, grasped the weapon and discharged it. Becoming frightened he failed to turn the pistol on himself, but instead called for help.

"BABY FARMS" DOOMED.

Grand Jury Will Wipe Out the System in Minneapolis.

Minneapolis, April 6.—"Baby farms" in Minneapolis are doomed. An investigation of this system, which has been described by those who have investigated it as illicit traffic in human life, was begun by officers of the humane society and has now been taken up by the grand jury. At least four indictments charging the gravest of crimes have resulted. The accused will be arraigned during the day before Judge D. F. Simpson.

Many cases have been brought to the attention of the officials and further investigation and indictments will follow. There are said to be over forty places in the city where babies are secretly received, sold, given away or disposed of, and in many instances where criminal operations are performed.

New Trial for Ira Stewart.

Chippewa Falls, Wis., April 6.—Ira Stewart, convicted four years ago of murdering his son-in-law, Fred Miller, during the day was granted a new trial by the supreme court. On Jan. 13, 1901, Stewart shot Miller while the latter was taking dinner with the Stewart family. Insanity will be the plea at the new trial.

Tornado in North Carolina.

MANY NATIVES KILLED.

Earthquake in India Causes Heavy Loss of Life.

Calcutta, April 6.—Eight natives were killed during the earthquake at Mussooree, Northwest provinces, Tuesday, and great damage was done to buildings, both public and private. Many houses were completely demolished. Four or five further shocks in the evening caused a slight recrudescence of the panic.

Reports from many more towns, which are now arriving show widespread damage and many fatalities. This is especially the case at Firzpur, forty-seven miles southeast of Lahore, Ameritzar, Taran, Depra Dun and Srinagar, at which places many natives were killed or injured.

Personal stories from Mussooree state that the reverberation which preceded the shock never will be forgotten by those who heard it. The mountains heaved and swayed a full minute and then three severe shocks each lasting a few seconds were felt in quick succession.

Dharmasala station, eighty-five miles northwest of Simla, was destroyed, all the houses in the place being levelled to the ground and several Europeans and many natives killed.

The mortality in Lahore is estimated at between 50 and 100, all natives. No Europeans are reported missing.

The old houses everywhere stood the shock better than those of recent construction.

ROOSEVELT IN TEXAS

NATION'S CHIEF EXECUTIVE IS
 NOW THE GUEST OF THE
 LONE STAR STATE.

GREETED BY LARGE CROWDS

THOUSANDS OF SOUTHERNERS
 TURN OUT TO WELCOME
 THE PRESIDENT.

Dallas, Tex., April 6.—President
 Roosevelt is now the guest of the
 Lone Star state, Texas. The special
 train bearing President Roosevelt and
 his party arrived in Dallas at 6
 p. m. A reception committee was in
 waiting when the train arrived and
 the party were driven to a stand near
 the Oriental hotel, where the presi-
 dent delivered an address. The
 streets were packed with citizens and
 visitors and the reception accorded
 the president and party was flatter-
 ing.

After delivering his speech the presi-
 dent and party attended a reception
 at the Oriental hotel. His train will
 leave here for Waco, Austin and San
 Antonio.

When the president awoke in the
 morning his train was traversing
 Southeastern Kansas. At every sta-
 tion large and enthusiastic crowds
 were in attendance, all bent on see-
 ing, and if possible, hearing the chief
 executive.

The special train entered Indian
 Territory before noon. At Vinita a
 short stop was made and the presi-
 dent briefly addressed a large crowd.
 When Muskogee was reached, fully
 10,000 persons surrounded the rail-
 road station and the president was
 compelled to deliver a brief address
 from a stand near the station. His
 subject was "Statehood," and enthu-
 siastic applause greeted his utter-
 ances that Indian Territory would
 add its star to the galaxy of states
 within a year.

Brief speeches were made at South
 McAlester, Aloka, Caddo and Durant,
 after which the train crossed into
 Texas. Denison was reached at 3:45
 p. m. At that place a party of
 school children presented a floral flag
 of Texas to the president, who replied
 briefly to the spokeswoman. At Sher-
 man one of the largest crowds of the
 day greeted the president and he was
 escorted to a stand where he spoke
 for fifteen minutes. Cannon boomed
 and the city was in gala attire in
 honor of the visitors.

From Sherman the train maintain-
 ed its schedule to Dallas.

The president was in splendid
 spirits after the long day's ride and
 shortly after reaching Dallas said he
 never felt better in his life.

FLURRY IN MAY WHEAT.

Price of the Cereal Jumps Nearly
 Four Cents at Chicago.

Chicago, April 6.—May wheat took
 a jump of nearly four cents a bushel
 on the board of trade during the day.
 The advance took place in almost as
 short a time as it takes to tell about
 it and was one of those freakish cap-
 prices of a manipulated market such
 as that which now exists as the result
 of a determined effort on the part of
 certain speculators to shake out the
 bears in the wheat pit. May wheat
 opened at \$1.14@1.14½ and gave no
 signs of undue activity until about
 midday, when a sudden cessation
 of offerings threw the smaller
 shorts into a panic. In the scramble
 to buy which followed the price of
 the May kind was up 1 cent, between
 transactions until \$1.17½ was reached.
 When this point was reached enough
 of the commodity was disposed of to
 afford the more anxious buyers an op-
 portunity to cover and get out of
 harm's way. The price of the May
 option at the close was \$1.17.

BOY AND MONEY MISSING.

Youth Disappears After Reaching His
 Old Home With \$5,000.

Muscatine, Ia., April 6.—After travel-
 ing all the way from Deadwood, S.
 D., with \$5,000 in gold in a bag to
 reach the home of his grandmother,
 Mrs. Mary Leonard, in this city, fif-
 teen-year-old Richard Hoorigan disap-
 peared with the money within two
 hours after his arrival. The grand-
 mother is frantic, and has asked the
 aid of the police. The boy was the
 son of a prospector, who on his death
 sent him, with the savings of a life-
 time, to the old home in Muscatine.

EXPLOSION IN LEITER MINE.

Jury Returns Verdict Accusing Per-
 sons Unknown.

Zeigler, Ill., April 6.—After damp,
 due to an explosion of blasting pow-
 der set off by persons as yet un-
 known, caused the death of forty-three
 miners at Joseph Leiter's coal mine
 on Monday, April 3, according to the
 verdict of a coroner's jury as return-
 ed during the day.

Indicted for Fraudulent Banking.

Keokuk, Ia., April 6.—Judge Ed-
 mund Jaeger, proprietor of the de-
 funct Commercial National bank,
 which failed last February, was in-
 dicted by a grand jury during the day
 on three counts for fraudulent bank-
 ing. He has thus far been unable to
 raise the bond of \$5,000 required, and
 is now in the county jail.

UNIONIST IS DEFEATED.

Junior Lord of British Treasury Beat-
 en by a Liberal.

London, April 6.—The most strik-
 ing overturning of a Unionist major-
 ity among the numerous defeats in
 bye elections was recorded at Bright-
 on during the day when Gerald Loder,
 Unionist, recently appointed junior
 lord of the treasury, was de-
 feated by E. Villiers, Liberal. Vil-
 liers' majority was 817. The vote
 was: Villiers, 8,209; Loder, 7,392.

Mr. Loder was seeking re-election
 on his appointment as junior lord of
 the treasury. The election turned al-
 most altogether on the fiscal ques-
 tion.

The news of Loder's defeat caused
 a sensation in the house of com-
 mons, where it was received during
 the night session. Premier Balfour
 was greeted with cries of "Resign,"
 "resign."

Unionist editorial articles reflect the
 consternation caused by the unex-
 pectedly heavy blow of the Brighton
 election. Various attempts are made
 to explain the defeat away.

The Standard appeals to Premier
 Balfour to issue a stirring address or
 call a meeting of his followers and
 take them into his confidence.

Mr. Balfour had a long conference
 with Joseph Chamberlain at night.

The position of Gerald Loder, the
 defeated candidate, is very peculiar.
 His duties as junior lord of the treas-
 ury are nothing more than a party
 whip, but he now has no seat in par-
 liament.

BEEF TRUST INVESTIGATION.

Prices Paid for Livestock by Packers
 to Be Inquired Into.

Chicago, April 6.—Prices paid for
 livestock by the packers, alleged re-
 bates granted the packers by rail-
 roads for the handling of the same
 and the private accounts of some of
 the packing concerns as to be closely
 inquired into within the next few days
 by the federal grand jury, which is
 investigating the business affairs of
 the so-called beef trust.

Another phase of the question of
 the alleged combination of some of
 the packers in violation of the Sher-
 man anti-trust law and Judge Gross-
 cup's injunction, which is to be in-
 quired into, is the price paid by
 wholesale dealers to the packers for
 meats. Witnesses who can give the
 jurors detailed and accurate infor-
 mation along these lines have been
 subpoenaed and appeared at the investi-
 gation during the day. Some of these
 witnesses testified and although they
 refused to make public what they told
 the jury, it is said a large amount of
 data valuable to the government was
 secured from them.

James A. Barrett, a wholesale meat
 dealer at Merrill, Wis., was one of the
 witnesses who testified. He is said
 to have explained to the jurors the
 alleged hardships placed upon the
 small meat dealers by the packing
 concerns. He explained in detail the
 prices paid the packers by the whole-
 salers. Altogether ten witnesses tes-
 tified during the day.

WOMAN DISCHARGED WEAPON.

Killed While Trying to Prevent Her
 Husband From Slaying Her.

Philadelphia, April 6.—Mrs. Urania
 Cundy, aged twenty-three years, of
 Patchogue, L. I., died in a hospital
 during the afternoon of a bullet
 wound in the head. The shooting oc-
 curred in Fairmount park and her
 husband, Percy Cundy, is under ar-
 rest.

At first the man said that his wife
 shot herself, while admitting that he
 had purchased the revolver intending
 to kill both himself and his wife.
 Later he told the police that while
 he and his wife were seated in the
 park he decided to carry out his
 original intention. He placed the re-
 volver at his wife's right temple and,
 as he hesitated, Mrs. Cundy, he says,
 grasped the weapon and discharged
 it. Becoming frightened he failed to
 turn the pistol on himself, but instead
 called for help.

"BABY FARMS" DOOMED.

Grand Jury Will Wipe Out the Sys-
 tem in Minneapolis.

Minneapolis, April 6.—"Baby farms"
 in Minneapolis are doomed. An in-
 vestigation of this system, which has
 been described by those who have in-
 vestigated it as illicit traffic in human
 life, was begun by officers of the hu-
 mane society and has now been taken
 up by the grand jury. At least four
 indictments charging the gravest of
 crimes have resulted. The accused
 will be arraigned during the day be-
 fore Judge D. F. Simpson.

Many cases have been brought to
 the attention of the officials and fur-
 ther investigation and indictments
 will follow. There are said to be
 over forty places in the city where
 babies are secretly received, sold,
 given away or disposed of, and in
 many instances where criminal opera-
 tions are performed.

New Trial for Ira Stewart.

Chippewa Falls, Wis., April 6.—Ira
 Stewart, convicted four years ago of
 murdering his son-in-law, Fred Miller,
 during the day was granted a new
 trial by the supreme court. On Jan.
 13, 1901, Stewart shot Miller while the
 latter was taking dinner with the
 Stewart family. Insanity will be the
 plea at the new trial.

Tornado in North Carolina.

Salisbury, N. C., April 6.—A violent
 tornado last evening did great damage
 at Livingston, blowing down the Bal-
 lard auditorium and a foundry. I.
 Hall and Ernest Robinson were in-
 jured. The loss is \$7,500. Two
 churches were destroyed by the wind
 storm.

MANY NATIVES KILLED.

Earthquake in India Causes Heavy
 Loss of Life.

Calcutta, April 6.—Eight natives
 were killed during the earthquake at
 Mussooree, Northwest provinces, Tues-
 day, and great damage was done to
 buildings, both public and private.
 Many houses were completely de-
 molished. Four or five further shocks
 in the evening caused a slight re-
 currence of the panic.

Reports from many more towns,
 which are now arriving show wide-
 spread damage and many fatalities.
 This is especially the case at Firoz-
 pur, forty-seven miles southeast of La-
 hore, Ameritgar, Taran, Depra Dun
 and Srinagar, at which places many
 natives were killed or injured.

Personal stories from Mussooree
 state that the reverberation which pre-
 ceded the shock never will be forgot-
 ten by those who heard it. The moun-
 tains heaved and swayed a full min-
 ute and then three severe shocks
 each lasting a few seconds were felt
 in quick succession.

Dharmasala station, eighty-five miles
 northwest of Simla, was destroyed, all
 the houses in the place being levelled
 to the ground and several Europeans
 and many natives killed.

The mortality in Lahore is esti-
 mated at between 50 and 100, all na-
 tives. No Europeans are reported
 missing.

The old houses everywhere stood
 the shock better than those of recent
 construction.
